Subject: 01/23/08 - Todays Meeting

Greeting Rotarians - one and all, Today our speaker was Renee Luther, who filled us in on "the rest of the Story" concerning the recent Complete makeover at her home and business. The Freedom Hills Therapeutic Riding Program serves handicapped and nonhandicapped persons through the use of horses to aid persons with excercise and self esteem. Many of our members had watched the show on TV and thus were well versed in exactly what went on. I missed it due to other constraints. Ms Luther is a very worthy recipient of this prize.

In other matters we discussed the final details of the Oyster Feast - coming up this weekend at Woody's. We are virtually sold out with over 170-180 peopple per seating. There is a possibility of a few seats - see Jim Roney for details.

Mark is preparing a proposal for a project in the Pacific Islands to help eradicate/treat/lessen reumatic fever. Stay tuned - more to follow.

Rotary Leadership Training at Wilmington Christian School April 12 (?).

Go to District web site to enroll. Our club will foot the bill. This is an opportunity to learn MORE about Rotary.

There was no 50/50 this week.

Rotarily,

Lee Brown
